

# 2008-2009 Conferences and Annual Meeting

## Sponsorship Opportunities

NAHC is dedicated to adding exceptional value to all sponsorships at the various NAHC Meetings of 2008-2009. With your help, by signing up early for the sponsorship of your choice, your investment will extend beyond the event itself to include up to nine months of national exposure before, during and after the Annual Meeting.

Your commitment to home care and hospice will be promoted in brochures, programs and on the meeting website, [www.nahc.org](http://www.nahc.org). Your company's name and/or logo will also appear in all show ad-

vertising in all NAHC publications beginning in April of 2008-2009 including national trade publications that carry show advertising. At the event you will receive additional exposure on conference signage at general sessions and throughout the entire meeting.

Following the event you will also be promoted in post show coverage. To take advantage of this great marketing opportunity it is recommended that you commit early to receive the best value for your investment. NAHC is dedicated to working with you in designing a program that suits your needs, budget and mission.
